

SVP

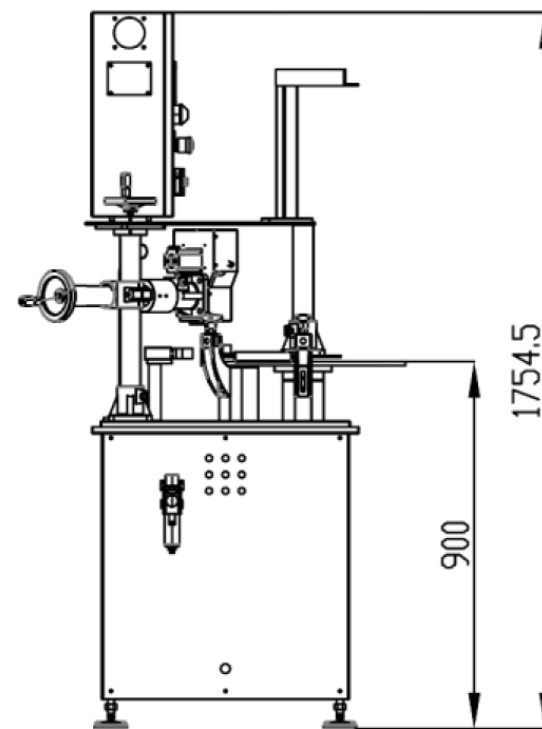

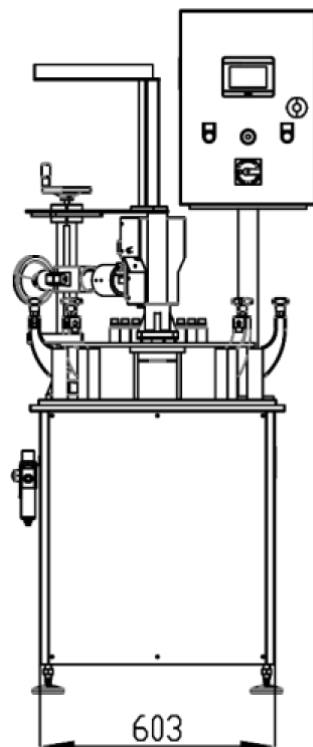

Semi-automatic 1-nozzle dispenser with easy-to-use, low-cost pump maintenance for filling.

Adaptable to different sectors, food, chemical, etc.

Possibility of dosing a wide variety of liquid, dense, semi-dense, etc. products.

Feeding and removal of containers manually on a rotating table with a grid to collect liquids in case of possible spills.

Made of highly resistant materials with an aluminium and AISI 304 steel coating.

CHARACTERISTICS

Ability: Up to 1 liter.

Nozzle: 1 height-adjustable stainless steel nozzle.

Dosage: Volumetric by pump.

Control: Via 4.3-inch color touch screen.

Dosage regulation: Mechanical or from touch screen (depending on model).

Protection: According to CE regulations, start button, emergency stop, etc.
